2.31 (c)

INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).

(c) IACUC Functions. With respect to activities involving animals, the IACUC, as an agent of the research facility, shall:

(1) Review, at least once every six months, the research facility's program for humane care and use of animals, using title 9, chapter I, subchapter A--Animal Welfare, as a basis for evaluation;

(2) Inspect, at least once every six months, all of the research facility's animal facilities, including animal study areas, using title 9, chapter I, subchapter A--Animal Welfare, as a basis for evaluation;

(3) Prepare reports of its evaluations conducted as required by paragraphs (c)(1) and (2) of this section, and submit the reports to the Institutional Official of the research facility; The reports shall be reviewed and signed by a majority of the IACUC members and must include any minority views. The reports shall be updated at least once every six months upon completion of the required semiannual evaluations and shall be maintained by the research facility and made available to APHIS. The reports must contain a description of the nature and extent of the research facility's adherence to this subchapter, must identify specifically any departures from the provisions of title 9, chapter I, subchapter A--Animal Welfare, and must state the reasons for each departure. The reports must distinguish significant deficiencies from minor deficiencies.

The IACUC last reviewed the facility program for humane care and use of animals, inspected animal facilities and prepared a report of its evaluations for submission to the Institutional Official (IO) in February 2007.

Semiannual evaluations are required to ensure facility compliance with USDA regulations, facilitate the humane care and use of regulated animals and guide IACUC functioning and oversight. Communication with the IO is essential for assurance that the facility adheres to all standards and regulations under the Animal Welfare Act.

Correct by: Immediate. IACUC facility inspections, program reviews and reports to the IO must be conducted and completed every 6 months as required under the Animal Welfare Act.
